OBJECTIVE AND SUMMARY

Full-time undergraduate Master in Bioinformatics and Molecular Biotechnology fields with 1,5 years experience in commercial projects. The strategic mindset focuses on problem-solving tasks and maintaining priorities on strict deadlines.

Main goal: further education, acquiring and improvement of skills in the proposed or related field; further scientific and/or commercial projects.

That will enable me to use my strong organizational and working-in-team skills, educational background, and the ability to test myself to solve various problems with the acquisition of new knowledge.
